## Curtis's Introduction Corporate

If you haven't seen Curtis on Ellen, Dr. Phil or the Steve Harvey show...  
Don't worry about it.....

He hasn't been on any of them yet.

But he does travel the country, working corporations, organizations and associations create a Culture Of Belonging™.

Curtis holds a Black Belt in Lean Six Sigma and Curtis has leveraged his 15 plus years as an educator to teach a strategic DEI&B initiative to business leaders across every industry from Insurance to Sports just to name a few.

He considers himself a recovering educator... he left teaching inside a classroom to teach the nation.

You have never seen DEI this way.

**Please stand to your feet and help me welcome Curtis Hill.**
