Curtis's Introduction Education

If you haven't seen Curtis on Ellen, Dr. Phil, or the Steve Harvey show.... Don't worry about it.....

He hasn't been on any of them yet.

But he travels the country, working with superintends, principals, and educators to Create A Culture Of Belonging™.

Curtis was an ELA teacher for 15-plus years. Curtis made the most gains every year he taught, except for his rookie year.

He considers himself a recovering educator... he left teaching inside a classroom to teach the nation.
